Only a **medical cannabis patient** who is an **Illinois resident** can cultivate

Caregivers **cannot** cultivate on behalf of a patient

No more than **5 plants taller than 5 inches** in a household

Cannabis cultivation must take place in an **enclosed, locked space**

Cannabis plants **cannot be visible** to the public

Important definitions

These definitions can be found in the Cannabis Regulation and Tax Act ([410 ILCS 705](#)).

Illinois resident

a person who has been domiciled in the State of Illinois for a period of 30 days before cultivation

Enclosed, locked space

a closet, room, greenhouse, building or other enclosed area equipped with locks or other security devices that permit access only by authorized individuals [*i.e.*, the cultivating medical cannabis patient].

"Enclosed, locked space" may include:

1. a space within a residential building that (i) is the **primary residence** of the individual cultivating 5 or fewer cannabis plants that are more than 5 inches tall and (ii) includes **sleeping quarters and indoor plumbing**. The space must only be accessible by a key or code that is different from any key or code that can be used to access the residential building from the exterior; or
2. a structure, such as a shed or greenhouse, that lies on the same plot of land as a residential building that (i) includes **sleeping quarters and indoor plumbing** and (ii) is used as a **primary residence** by the person cultivating 5 or fewer cannabis plants that are more than 5 inches tall, such as a shed or greenhouse. The structure must remain locked when it is unoccupied by people.
